ShopEase Customer Support Handbook

Policies and answers for customers of ShopEase, an online store in Pakistan. Version 2026.

1. About ShopEase and Contacting Support

About ShopEase

ShopEase is an online store in Pakistan selling electronics, mobile phones, home appliances, fashion and beauty products. We deliver to all major cities in Pakistan. Our website is shopease.pk and our mobile app is available on Android and iOS.

Customer Support Hours

Our support team is available from 9:00 AM to 10:00 PM, seven days a week, including weekends. On public holidays (Eid, 14 August, etc.) support is available from 12:00 PM to 6:00 PM. Messages received outside these hours are answered the next morning.

Contact Channels

You can reach ShopEase support by live chat on the website or app, by WhatsApp at 0300-1234567, by email at support@shopease.pk, or by phone at 042-111-746-732. Email replies are sent within 24 hours. WhatsApp and live chat are the fastest options, with an average reply time of 5 minutes.

Complaints and Escalation

If you are not satisfied with the solution from our support team, ask the agent to escalate your case to a supervisor, or email complaints@shopease.pk with your order number and ticket number. Escalated complaints are answered within 48 hours.

Scam and Fraud Warning

ShopEase will never ask for your card PIN, full card number, bank OTP or password by phone, SMS or WhatsApp. Our official WhatsApp number is only 0300-1234567. If someone contacts you claiming to be ShopEase and offering prizes or asking for payment, do not share any details and report it to support@shopease.pk.

2. Your Account

Creating an Account

To create an account, tap "Sign Up" on the website or app and enter your name, mobile number and email. You will receive a 6-digit OTP on your mobile number to verify it. You can also sign up using your Google or Facebook account. You can place an order as a guest without an account, but you will not be able to track orders or earn reward points.

Forgot Password

If you forgot your password, tap "Forgot Password" on the login screen and enter your registered email or mobile number. You will receive a reset link by email or an OTP by SMS. The reset link expires after 30 minutes. If you no longer have access to your registered number or email, contact support with your CNIC name and order history to verify your identity.

Not Receiving OTP

If you are not receiving the OTP, check that your mobile number is entered correctly without spaces, make sure you have mobile signal, and wait 60 seconds before tapping "Resend OTP". You can request a maximum of 5 OTPs per hour. If you still do not receive it, contact support on WhatsApp.

Updating Account Details

You can change your name, email, password and saved addresses from "My Account > Profile". To change your registered mobile number, you need to verify both the old and new numbers by OTP. If you no longer have the old number, contact support.

Deleting Your Account

To delete your account, go to "My Account > Settings > Delete Account" or email support@shopease.pk from your registered email. Account deletion is permanent and takes up to 7 days. Unused reward points and wallet balance are lost when the account is deleted, so please use or withdraw them first. Accounts with orders still in progress cannot be deleted.

Privacy and Data

ShopEase uses your personal information only to process orders, provide support and send updates you have agreed to. We never sell your data to third parties. You can unsubscribe from promotional SMS and emails at any time from "My Account > Notifications".

App Problems

If the ShopEase app is not working properly, first update it to the latest version from the Play Store or App Store, then clear the app cache (Android) or reinstall the app. Make sure your internet connection is stable. If the problem continues, send a screenshot to support with your phone model.

3. Orders

How to Place an Order

Add products to your cart, tap "Checkout", select or add your delivery address, choose a payment method and tap "Place Order". You will receive an order confirmation by SMS and email with your order number, which starts with "SE" followed by 8 digits, for example SE12345678.

Minimum Order

There is no minimum order value. However, orders below 1,500 PKR have a delivery charge (see the Delivery Charges section).

Order Confirmation Call

For Cash on Delivery orders above 25,000 PKR, our team will call you to confirm the order before it is dispatched. If we cannot reach you after 3 attempts within 24 hours, the order is automatically cancelled.

Changing an Order

You can change the delivery address or phone number of an order only before it is dispatched, by contacting support with your order number. Products cannot be added to an existing order; please place a new order instead. Once an order is dispatched, the address cannot be changed.

Cancelling an Order

You can cancel an order yourself from "My Orders" as long as its status is "Pending" or "Confirmed". Once the status is "Packed" or "Shipped", it cannot be cancelled online, but you can refuse the parcel at delivery or request a return after delivery. If you paid online, the refund for a cancelled order is processed automatically (see the Refund Timelines section).

Order Status Meanings

"Pending" means the order is placed and waiting for confirmation. "Confirmed" means the order is accepted. "Packed" means it is ready at our warehouse. "Shipped" means it has been handed to the courier. "Out for Delivery" means the rider will deliver it today. "Delivered" means it was received. "Returned to Seller" means delivery failed and the parcel came back to us.

Tracking an Order

You can track your order from "My Orders" in the app or website, or on the courier's website using the tracking number sent to you by SMS when the order is shipped. Tracking updates may take up to 12 hours to appear after shipping.

Bulk and Corporate Orders

For orders of more than 10 units of the same product, or for corporate gifting, email corporate@shopease.pk with the product names and quantities. Bulk orders may be eligible for special prices and a company invoice.

4. Delivery

Delivery Areas

ShopEase delivers to over 300 cities and towns in Pakistan. Large appliances such as refrigerators, washing machines, air conditioners and LED TVs above 55 inches are delivered only in Karachi, Lahore, Islamabad, Rawalpindi, Faisalabad, Multan and Peshawar. We do not currently deliver outside Pakistan.

Delivery Times

Orders within Karachi, Lahore and Islamabad/Rawalpindi are delivered in 1 to 3 working days. Other major cities take 2 to 5 working days. Remote areas and small towns take 5 to 8 working days. Orders placed after 4:00 PM are processed the next working day. Sundays and public holidays are not counted as working days.

Express Delivery

Same-day delivery is available in Karachi, Lahore and Islamabad for orders placed before 12:00 PM, for an extra charge of 250 PKR. Same-day delivery is not available for large appliances or during sale events.

Delivery Charges

Delivery is free on orders of 1,500 PKR or more. Orders below 1,500 PKR have a delivery charge of 150 PKR. Large appliances have a fixed delivery and handling charge of 1,000 PKR regardless of order value. Express delivery costs an extra 250 PKR.

Late or Delayed Delivery

If your order has not arrived within the expected delivery time, first check the tracking status. Delays can happen due to weather, strikes or high demand during sales. If the order is more than 3 working days late, contact support with your order number and we will investigate with the courier within 48 hours.

Missed Delivery

If the rider cannot reach you, they will try again the next working day. After 2 failed delivery attempts, the parcel is returned to ShopEase. For Cash on Delivery orders, you will need to place a new order. For prepaid orders, the full amount is refunded once the parcel reaches our warehouse.

Checking Parcel at Delivery

You are allowed to check the outer packaging before accepting the parcel. If the package looks damaged, opened or tampered with, refuse the delivery and contact support immediately. Opening the product box before payment is not allowed by the courier, but you can record an unboxing video after delivery, which helps us process any claims quickly.

5. Payments

Payment Methods

ShopEase accepts Cash on Delivery (COD), debit and credit cards (Visa, Mastercard, UnionPay), JazzCash, Easypaisa, bank transfer, and the ShopEase Wallet. Installment plans are available on selected credit cards.

Cash on Delivery

Cash on Delivery is available for orders up to 100,000 PKR. Please keep the exact amount ready, because riders may not carry change. COD is not available for some sale items and pre-order products. Card payment to the rider is not available.

Card Payments

Card payments are processed securely through a 3D Secure page from your bank, and you may need to enter an OTP sent by your bank. ShopEase does not store your full card number. If your card payment fails, check that online transactions are enabled on your card and that you have sufficient balance, then try again or use another method.

Payment Deducted but Order Not Placed

If money was deducted from your account but you did not receive an order confirmation, do not pay again immediately. In most cases the order is confirmed within 30 minutes. If no order is created, the amount is automatically reversed by your bank within 3 to 7 working days. If it is not reversed after 7 working days, contact support with your transaction ID and a screenshot of the deduction.

Installments

0% installment plans of 3, 6 or 12 months are available on orders above 10,000 PKR with credit cards from HBL, Meezan Bank, Bank Alfalah and Standard Chartered. Your bank may charge a one-time processing fee. Installments are not available with debit cards, wallets or COD.

ShopEase Wallet

The ShopEase Wallet stores refunds and cashback. Wallet balance can be used to pay for any order, fully or partly. Wallet balance does not expire. You can withdraw wallet balance to your bank account or JazzCash/Easypaisa account from "My Wallet > Withdraw"; withdrawals take 3 to 5 working days.

Invoices and Tax

A digital invoice is available for every order in "My Orders > Download Invoice". All prices on ShopEase include sales tax. For a company invoice with your business name and NTN number, contact support within 15 days of delivery.

6. Returns, Refunds and Exchanges

Return Policy

Most products can be returned within 7 days of delivery if they are damaged, defective, wrong, missing parts or different from the description. Fashion and footwear can also be returned within 7 days for size or change-of-mind reasons, as long as they are unused with original tags. Electronics and appliances cannot be returned for change-of-mind once opened.

Non-Returnable Items

The following items cannot be returned unless they arrive damaged or wrong: undergarments and swimwear, beauty and personal care products that have been opened, perfumes, earphones and earbuds once the seal is broken, digital vouchers and gift cards, software and game codes, and products marked "Non-Returnable" on the product page.

How to Return a Product

Go to "My Orders", select the order and tap "Return", choose the item and the reason, and upload photos or the unboxing video if the item is damaged or wrong. Pack the item in its original packaging with all accessories, manuals and free gifts. You can drop it at the nearest courier office or schedule a free pickup. Returns must be requested within 7 days of delivery.

Return Inspection

Once the returned item reaches our warehouse, it is inspected within 3 working days. If the return is approved, the refund is processed. If it is rejected (for example, the item is used, damaged by the customer, or missing parts), the item is sent back to you and you will be informed of the reason.

Exchanges

Fashion and footwear can be exchanged for a different size or colour of the same product, subject to availability. For all other products, ShopEase does not do direct exchanges; please return the item for a refund and place a new order.

Refund Methods

Refunds go back to the original payment method for card, JazzCash and Easypaisa payments. For Cash on Delivery orders, the refund goes to your ShopEase Wallet by default, or to your bank account if you provide your IBAN when requesting the return.

Refund Timelines

After a return is approved or an online-paid order is cancelled, refunds take: ShopEase Wallet within 24 hours, JazzCash and Easypaisa within 2 to 3 working days, bank transfer within 3 to 5 working days, and debit or credit card within 7 to 14 working days depending on your bank. If your refund is late, contact support with your order number.

Damaged, Wrong or Missing Items

If you receive a damaged product, the wrong product, or a parcel with missing items, report it within 48 hours of delivery through "My Orders > Report an Issue" with photos and, if possible, the unboxing video. Claims reported after 48 hours may not be accepted for missing items. We will arrange a free replacement or a full refund.

7. Products and Warranty

Warranty

Many electronics come with a manufacturer or brand warranty, shown on the product page (for example, "1 Year Brand Warranty"). Warranty claims are handled by the brand's official service centre; the address and phone number are on the warranty card inside the box. Keep your ShopEase invoice as proof of purchase. ShopEase warranty ("Seller Warranty") products can be sent to us through "My Orders > Claim Warranty".

What Warranty Does Not Cover

Warranty does not cover physical damage, water damage, burn marks, damage from voltage fluctuation, unauthorized repairs, or normal wear and tear. Accessories such as chargers and cables usually have a shorter warranty of 3 to 6 months.

Mobile Phones and PTA

All mobile phones sold on ShopEase are PTA-approved unless the product page clearly states "Non-PTA". PTA-approved phones work with all Pakistani SIM cards. Non-PTA phones will only work with Wi-Fi and cannot be returned for PTA-related issues.

Product Authenticity

ShopEase sells only original products sourced from brands and authorized distributors. If you believe a product you received is fake or a copy, report it within 7 days with photos; we will investigate and give a full refund if it is confirmed.

Out of Stock and Restock

If a product is out of stock, tap "Notify Me" on the product page to get an SMS or app notification when it is back. We cannot guarantee restock dates. Prices may be different when the product is restocked.

Pre-Orders

Some new products are available for pre-order. Pre-orders must be paid in full online; COD is not available. The expected shipping date is shown on the product page. You can cancel a pre-order for a full refund any time before it ships.

Price Changes

Prices on ShopEase can change at any time, especially during sales. The price you pay is the price at the time you placed the order. We do not refund price differences if a product's price drops after you buy it, except within 24 hours of purchase during an official sale event.

8. Offers, Rewards and Selling

Discount Vouchers

Voucher codes are entered at checkout in the "Apply Voucher" box. Only one voucher can be used per order. Each voucher has a minimum order value, an expiry date, and may be limited to certain categories. If a voucher is not working, check these conditions. If an order with a voucher is returned, the voucher is not given back.

Sale Events

ShopEase runs major sales such as the 11.11 Sale, Black Friday (White Friday), the Ramadan Sale and the Independence Day Sale. During sales, delivery may take 2 to 3 days longer than usual, express delivery is paused, and some sale items may not be eligible for COD.

ShopEase Rewards

Logged-in customers earn 1 reward point for every 100 PKR spent on delivered orders. 100 points equal 100 PKR off on a future order. Points are added 7 days after delivery (after the return window) and expire 12 months after they are earned. Points cannot be transferred or exchanged for cash.

Gift Cards

ShopEase gift cards are available from 1,000 PKR to 50,000 PKR and are sent by email. Gift cards are valid for 12 months and can be added to your ShopEase Wallet. Gift cards cannot be returned, refunded or exchanged for cash.

Selling on ShopEase

Businesses that want to sell their products on ShopEase can register at seller.shopease.pk. You will need a CNIC, a bank account and, for companies, an NTN number. Approval takes 3 to 5 working days.

9. Support Tickets and Live Agents

Talking to a Person

The ShopEase assistant answers most questions instantly, but you can ask to talk to a person at any time. Type "talk to a person", "I want to speak to support" or "agent se baat karni hai", or tap "Talk to a person" in the chat. The assistant will transfer you by showing the support ticket form. It also offers this when a problem needs our team: money deducted but no order after 7 working days, a damaged, wrong or missing item, a late refund, an account you cannot access, or a complaint.

Opening a Support Ticket

To hand your chat to the support team, fill in the short ticket form in the chat with your name, your email address and a description of the issue. Please include your order number in the description if you have one. When you tap "Open ticket", a ticket number is created, for example SE-48012. Keep this ticket number for any follow-up with support or complaints@shopease.pk.

Attaching Files to a Ticket

You can attach up to 3 files to a ticket, each up to 5 MB: screenshots or photos (PNG, JPG, WEBP or GIF), PDF documents such as a bank statement, or text files. For payment problems, attach a screenshot of the deduction showing the transaction ID. For damaged or wrong items, attach photos of the product and the packaging. For an unboxing video, share a link in the description.

Waiting in the Support Queue

After your ticket is opened you join the support queue. The chat shows your number in line, how many people are ahead of you and an estimated waiting time. Each agent helps one customer at a time, so the wait depends on how many agents are free. Your place in line updates live, so you do not need to refresh the page. You can keep writing while you wait, and the agent will see your messages when they join.

Chatting with a Support Agent

When an agent takes your ticket, the chat shows that the agent has joined, and their replies appear in the same chat window. While an agent is helping you, your messages go to the agent instead of the assistant. The agent can see your earlier conversation with the assistant and the files you attached, so you do not need to repeat yourself.

Closing or Leaving a Ticket

The agent closes the ticket once your issue is solved, and the assistant starts answering your questions again. You can also leave the queue or end the chat yourself at any time by tapping "Leave queue" or "End chat". For the same issue later, open a new ticket and mention the old ticket number.

Ticket Hours and Response Times

Agents answer tickets during support hours, 9:00 AM to 10:00 PM, seven days a week, and from 12:00 PM to 6:00 PM on public holidays. Tickets opened outside these hours stay in the queue and are answered when support opens. During support hours, most tickets are picked up within 10 minutes.

Privacy of Support Tickets

Your name, email address and attachments are visible only to ShopEase support agents and are used only to solve your issue. Never share your password, card PIN, full card number or any OTP in a ticket or chat.
